HERITAGE CONSERVATION AND RESTORATION AT THE BRANTFORD HOME EXHIBITION

Heritage Restoration Solutions

Brantford Civic Centre, Ontario, Canada – April 20th – April 22nd, 2018 –ARA Ltd. is looking forward to exhibiting, networking, and meeting new clients at the Brantford Home Exhibition. At booth 65, visitors can find heritage-restoration professionals and book a consultation with our expert team to get their project started this spring!

Owning a heritage building is enormously rewarding but comes with its own unique responsibilities. Certain elements of a heritage building tend to suffer in their fight against time. Heritage restoration not only preserves an important piece of our heritage, it can also be an energy-efficient means of home improvement for property owners. Our specialists can breathe new life into the character of heritage properties with unmatched historical accuracy.

ARA's Heritage Conservation and Restoration Team restores windows, doors, porches, and much more! To learn more about heritage-conservation and restoration services provided by ARA Ltd. visit <http://arch-research.com/hrc.htm>. Follow us on [Facebook](#), [Twitter](#), [Instagram](#), and [LinkedIn](#) for updates leading up to the event.

Visit booth 65 at The Brantford Home Exhibition from April 20th – 22nd for heritage-restoration solutions from ARA.

About Company:

Founded in 1972, ARA is Ontario's oldest heritage consulting firm. Our Heritage Conservation and Restoration Team understands the delicate balance required to refit your historical building in an era of increasing energy costs and concern for the environment, while preserving and enhancing its essential character. Let ARA provide the best solutions that fit your needs while respecting the historic fabric of your building. Our Heritage Conservation and Restoration Team would be proud to make a lasting contribution to the charm of your heritage building.
